

sales by category with detailed region

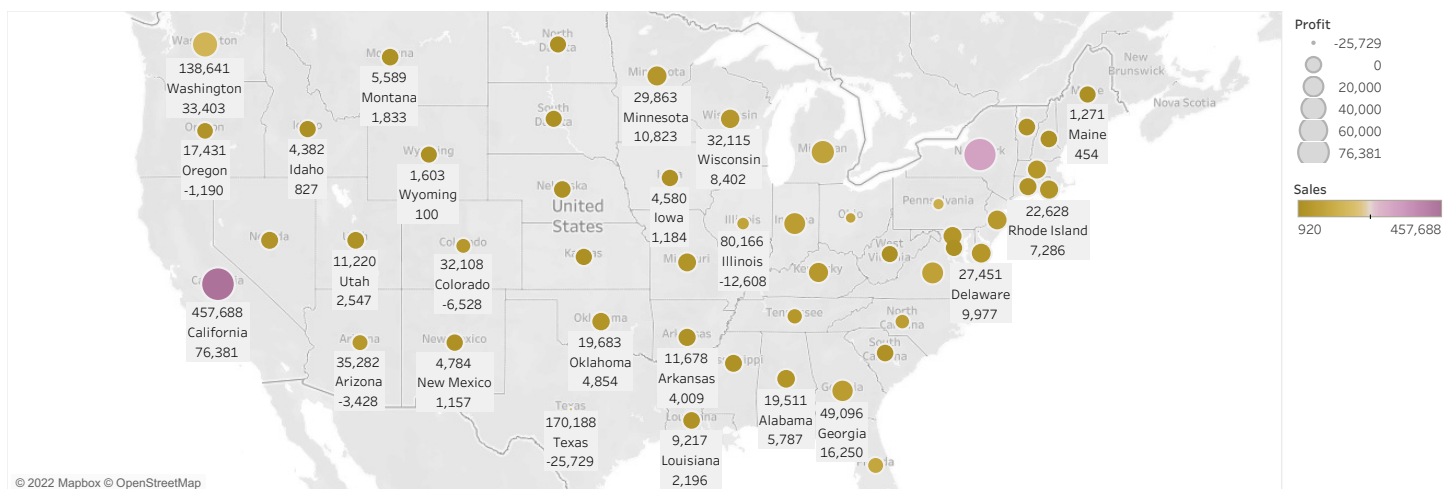

Total sales state wise using filled map

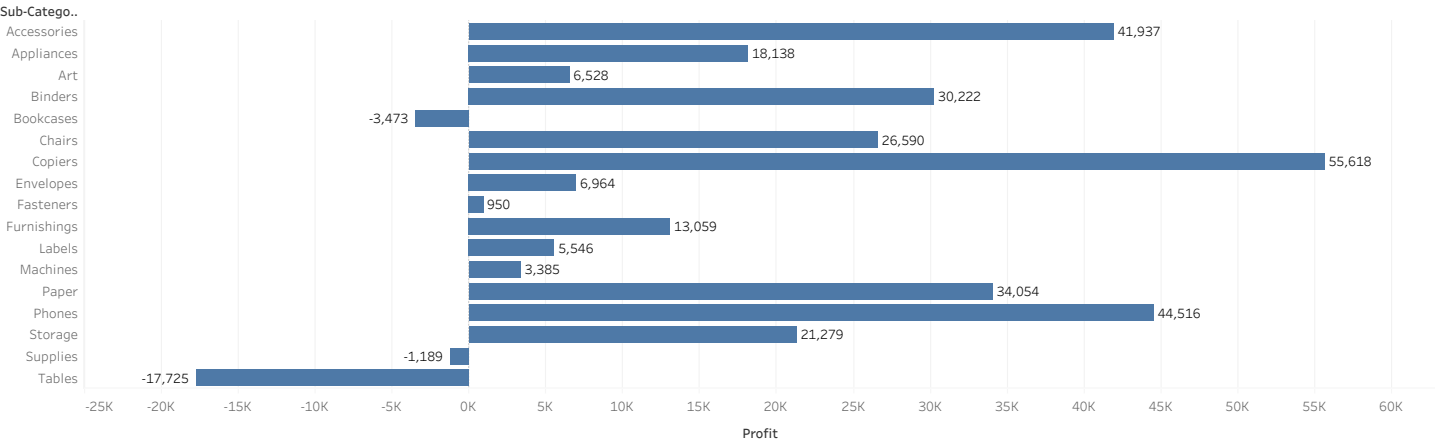

Map of the United States showing the number of COVID-19 cases by state. The size of the yellow circles represents the number of cases, and the color of the circles (yellow, orange, red, purple) represents the severity of the situation. The map includes state names and case counts for each state.

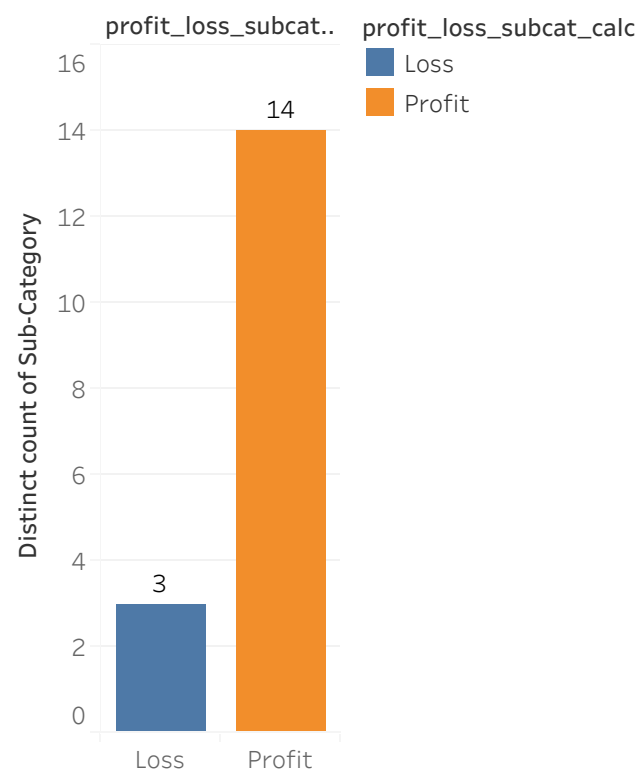

State	Cases
Washington	138,641
Oregon	17,431
Idaho	4,382
